KILLS SELF IN FAMILY PRESENCE

Prosperous Farmer of Putnam County Puts Bullet in Brain
Eatonton, Ga., May 1.—Evan Resseau, a prosperous and highly respected young farmer, of Clapton's district, Putnam county, committed suicide by sending a bullet from a 44-caliber revolver, crashing through his brain.

The deed was committed in the presence of his young wife and two little children.

No word of warning or cause for the deed was given. Mr. Resseau made an attempt to kill himself last Sunday, but was prevented by his family. It was thought he was all right, and would not repeat the attempt.

He was a man of extremely morbid and sensitive nature, and was said to have been drinking.

This is the only known cause for the act. He was in a good financial condition. He was the son of Mr. John T. Resseau.

King Edward Will Visit Vesuvius.

Naples, May 1.—The weather continuing fine, King Edward said he would not leave Naples without visiting the observatory, as he desired to meet Professor Mattucci and Frank Perrott, of Brooklyn, N. Y., assistant director of the Royal observatory on Mount Vesuvius. The Duke and the Duchess of Aosta were delighted and offered to guide the king. Five automobiles were ordered to convey the royal party to Mount Vesuvius. Mr. White, wife of the American ambassador, joined one of the royal parties who tried to reach the observatory Saturday, and it was hoped that she would be able to accompany their majesties today, but it was found that she had already returned to Rome.

Fires Rage In Denver.

Denver, Colo., May 1.—Beginning about 4 a. m. Sunday, the fire department was kept busy for several hours responding to alarms. The most destructive fire burned the Twenty-third avenue Presbyterian church, causing a loss of \$25,000. A block away also stood the Oliver Baptist church, which caught fire, but was not badly damaged. Something like 20 residences in the same neighborhood reported fires, and more were or less damaged. The loss will total more than \$50,000. Two firemen were crushed by a falling wall at the Presbyterian church and were seriously injured.

Killed Husband to Save Daughter.

Cumberland, Md., May 1.—George Fogle, of Brooklyn Heights, Md., returned to his home Sunday night after he had been drinking, and entering the room where his wife and 12-year-old daughter were in bed, drew a revolver and announced that he would shoot upon being interfered with. Fogle then threw his wife to the floor and assaulted his daughter. Mrs. Fogle secured the revolver and fired five shots at her husband, killing him instantly. She surrendered, but was not locked up. It was announced that the woman will not be prosecuted.

Negro Pursued by Hundred Men.

Salisbury, N. C., May 1.—Conductor W. A. Wiggins, of the Salisbury and Spencer electric car line, was on Sunday shot and mortally wounded, and James Roney, of Elkin, N. C., was shot in the elbow by John Black, a South Carolina negro, who had been ejected from the car by Wiggins for disorderly conduct. Black escaped in the woods and a posse of an hundred men is in pursuit. Wiggins was shot in the abdomen.

Everybody Fought the Fire.

Harrisburg, W. Va., May 1.—Fire at 1 o'clock Sunday morning threatened to wipe out the entire town, but was subdued after causing a loss of about \$10,000. The blaze started in the National hotel, destroyed that building, licked up the First National bank building and then burned the postoffice with all its contents. Every available man in the town was called upon to fight the flames.

May Lynch Negro Murderer.

Lexington, Ky., May 1.—Aaron McCabe, a negro, shot and killed Martin Clark, a barkeeper, here Sunday. There is much feeling against the negro. A lynching is feared.

DARES ACCUSERS TO MAKE CHARGES

First Apostle Speaks In Zion Tabernacle.

ENEMIES HELD MEETING OF OWN

Majority of the Members of Zion Attend the Voliva Gathering—Most of Dowie's Hearers Were Visitors to Zion City.

Chicago, May 1.—Standing unsteadily, and with great effort, before an audience of 2,500 persons in Zion tabernacle Sunday afternoon, John Alexander Dowie, his voice strained to its utmost capacity, charged his auditors, if any were present to rise to their feet and make their accusations before the congregation.

The followers of Voliva, the new leader in Zion City's affairs, however, were at that moment attending a revival meeting set for the same hour at the Zion college building, a quarter of a mile distant. There 5,000 of the city's inhabitants were gathered to gather with the famous choir, now divested of its ecclesiastical garb and the Zion band and orchestra. Those who listened to the words of Dowie were for the most part visitors from other towns, brought in by the hundreds by the electric cars and rail road trains, throughout the forenoon. For over an hour the crowd in the tabernacle waited for the appearance of the venerable "first apostle."

Only a Few of the Faithful.

Immediately in front of the platform and in the choir loft were probably half of the faithful.

Dowie was borne hotly by two stalwart negro attendants to an anteroom up the stairs to the platform and deposited upon his feet before the elaborate prayer altar. He was attired in an apostolic robe of white and gold and purple, which he had never worn before in public. Upon his head was a turban of marvellous pattern embroidered in purple and gold. He delivered his address and sermon read before the altar.

Only occasionally when roused to an unusual pitch of earnestness did he rise to his feet. Mrs. Dowie, who has severed her allegiance with the Voliva faction, sat in a wicker chair among Dowie's followers in the congregation. Except for the presence upon the platform of former Mayor R. D. Harper, he was alone. He announced the hymns and led prayer in a voice of firmness and strength, of which surprised those who have been in attendance upon him. He prefaced his sermon by a spirited denial of the charges that have been brought against him, in the course of which he exhibited much of the fiery impetuosity which marked his discourse in the past.

Dowie Singles Out a Man.

"They say I've taken the people's money, do they?" he shouted. Answers of "yes" and "no" came from different parts of the audience. A man in the rear, more persistent than others, was singled out by Dowie.

Pointing his finger at this man, Dowie continued: "Let him tell what money I took and when."

With all eyes focussed on him, the man shrunk in his seat. A guard was ordered to compel him to stand, but he stood in shamefaced silence. Then it was that Dowie arose to his feet and demanded that any of those present who had anything to charge against him, do so then and there.

Tribute to His Wife.

Then he paid a tribute to Mrs. Dowie. "My wife has done noble, noble things," he said. "She was misled and imposed upon." They would not until they were through with her and then cast her aside. My own playful tricks upon me which I ought not to

have done, but no, too, was deceived.

Dowie made his first appearance in the tabernacle at 6:30 o'clock, when he conducted prayer and praise service. About one hundred were in attendance. Voliva had called a similar meeting at that hour also, which was largely attended. Dowie has taken up his abode in retirement at least until after the decision of the court on the matter of his injunction against Voliva and other next Thursday.

Railroad Work in Mexico.

Mexico City, May 1.—Engineers of the Mexican Central railway will soon locate a line to connect the port of Tuxpam with the new short line to Tampico. The Tuxpam harbor, on the gulf of Mexico, is to be improved by the federal government. The Central will probably locate additional branch feeding lines. The same road will, it is stated, build a belt line around the city. The National railway of Mexico has engineers in the field looking over the country between this city and Guadalupe. The Teniente railway has announced their intention of greatly increasing the equipment.

Harry P. Brown Passes Away.

Macon, Ga., May 1.—Harry P. Brown, for twenty years a newspaper man in this state, died at the home of his brother, Reeves M. Brown, in Macon, Sunday morning, after a long illness, at the age of 42 years. He is a son of the late Judge Pitt Brown of Macon, and is survived by two brothers. The remains will be shipped to Macon where the funeral will be conducted by the pastor of the Methodist and Baptist churches. He was connected with the Macon Telegraph for some time prior to his illness.

Lightning Causes Fire.

El Paso, Tex., May 1.—During a storm Sunday afternoon here, Sunday evening lightning struck the large warehouse of the Haws-Owens Hardware company and destroyed it, with most of the stock it contained. The third floor was saved by surrounding buildings and a goodly part of the stock. The stock amounted to \$100,000 and there was \$120,000 insurance on it. Colonel F. M. Swift owned the building, which was insured also. The building was struck about 8 p. m.

Sherman, and a pilot in the Catholic church, arrived at Fort Ogden, Mo., Sunday morning and Monday started out accompanied by a detail of the Twelfth cavalry, following the route of his father's famous march to the sea. One Life Lost in Train Wreck.

Birmingham, Ala., May 1.—West bound passenger train No. 21, on the Southern railway, due at Birmingham at 9:15 o'clock, was wrecked in the PATH at Anniston Sunday about 8 o'clock. Baggage-master Morris was killed. Several others were injured. The baggage car split a switch, without damaging the car.

Fire Causes Loss of \$100,000.

Elizabeth, N. J., May 1.—The Bay Way Refining company's plant at Elizabeth port was destroyed by fire Sunday with a loss of \$100,000. Six of the company's tanks blew up. The burning oil flowed into Kistek Island sound, and for awhile endangered shipping.

CHINA NO LONGER A CHILD OF DARKNESS

Knows Her Own Resources and Rights.

NATION IS WIDE AWAKE AT LAST

Noted Chinaman in Speech in New York Shows How His Nation Has Passed from Darkness Into Light and Buxer Troubles Over Forever.

New York, May 1.—Kang Yu Wan, president of the Chinese Reform association, who is passing through New York, on his way from Mexico to Europe, addressed a meeting of the association Sunday night. Later he was interviewed by a morning newspaper, which quotes him as follows:

"China is no longer in the dark ages. She has already reached the point where Japan was only 20 years ago, after years and years of endeavor. This is not because the Japanese were slow in learning, but rather because they were the pioneers. They cooked, we ate. We have now, for example, more than 20,000 Chinese students pursuing advanced modern courses in study. As to common schools, some 4,000 have been started in the one province of Canton. There are now numerous Chinese who can speak English. Our courts are being remodeled after the English system. We have thus appropriated to our use over 10,000 American, English and European textbooks, technical works and treatises mostly, which indicates how extensively the progressive movement is spreading."

"The Boxer troubles," he said, "are over forever. The anti-foreign feeling is rapidly being replaced by a more enlightened sentiment of progress throughout all classes of population."

"China is no longer asleep," he continued. "China is wide awake and fully able to care for her interests."

A deep sentiment has been aroused in my countrymen by your exclusion laws. We see the immigrants put into your land from all countries by the thousands every week. Not only is the law-hating, industrious Chinaman desirous of making a living unable to come in with these others, but our refined and intelligent men cannot get the mere passports for travel which they can easily get in other countries."

He paused for a minute, and then added:

"China is wide awake at last. She knows her own resources and her rights. There will be no more invasions of China, for she is ready to defend herself with cannon and with the sword if necessary."

Vatican to Divide \$7,000,000.

Rome, May 1.—The plan devised by the Vatican for the division of the \$7,000,000 paid by the United States for the friar lands in the Philippines, has been accepted by the Dominicans, and substantially agreed to by the other religious orders. The Vatican will remain the principal, and a portion of the interest in the form of an allowance will be given annually to the Philippine diocese and the remainder to religious orders in the islands, to be divided by them according to the agreement.

Girl Drowns Beneath Boat.

Birmingham, Ala., May 1.—Amanda Hittom, aged 16 years, was drowned in East Lake about 12:30 o'clock Sunday. She, in company with her sister, Maggie, and Mary Davis, was rowing when the girls attempted to exchange seats in the boat. The movement upset the boat, and Amanda was pulled into the water, which was not more than waist deep, but the unfortunate girl was caught and pinned under the boat. The others escaped by pulling out.

Portland, Ore., May 1.—A special to the Oregonian says that Sheriff J. M. Shaver, who was shot by the desperado Frank Smith early Saturday morning at Woodburn, is dead—the third victim of the outlaw. No trace of Smith has been found.

P. O. S. OF A. TO CONVENE TODAY

Delegates Expected From Every
Section of Florida.

A FINE PROGRAM ARRANGED

Meeting Will Open at Court House at
11 O'Clock This Morning With Ap-
propriate Addresses From Hon.
C. Matheson and Others.

The annual State Encampment of
the Patriotic Order Sons of America
will convene in this city today at the
court house, and a great crowd of rep-
resentative citizens of every section of
the State is expected. There are
about twenty camps of this order in
Florida, and it is anticipated that
about seventy-five delegates or repre-
sentatives will be here.

The Patriotic Order Sons of America
is a fine order, and, notwithstanding
that it is yet young in this State, is in
a most healthy condition. The order
is growing in Florida every day.

The proper committees have been
appointed to look after the comfort of
visitors, and a pleasant time is as-
sured.

The meeting will be called to order
in the court house at 11 o'clock this
morning.

The address of welcome will be de-
livered by Col. Christopher Matheson,
which will receive numerous respon-
ses by the officers of State order,
as well as members of the local camp.

LET US PLAY BALL.

Effort is Being Made to Organize a
White Team for Gainesville.

For the past three or four years,
since the famous Oak Hall, who held
the championship of Florida, virtually
went to pieces in one season, the in-
terest in baseball has been slack, but
now the chances are that it will be re-
vived, as L. J. Burkham, who was a
member of the old Oak Hall, and who
is also a progressive citizen and be-
liever in athletics, it is understood is
making an effort to organize another
team here.

There is plenty of material for the
making of a good team for Gainesville.
As a matter of course, the University
of Florida, where many athletes con-
gregate, will furnish a good team
when the University is started, but
what Gainesville desires the coming
summer is a team of its own, made up
of home material, and the chances so
far are favorable that we will get it.

In the Central City baseball team,
colored, Gainesville now has the cham-
pion team of the State, but as she has
always enjoyed the reputation as
champions of all Florida in the Na-
tional game, it is just as well to
"cinch" the championship of both
white and colored.

GENERAL CONFERENCE.

Will Convene in Birmingham on Thurs-
day—Florida Delegates.

The General Conference of the Meth-
odist Episcopal Church, South, will
meet in Birmingham, Ala., on Monday,
May 8th. This conference meets once
in four years and is the highest con-
ference in the Methodist Church. It
will be composed of 282 delegates from
forty-four annual conferences of this
denomination. One half of the dele-
gates are ministers and the other half
laymen. The conference usually lasts
three weeks and transacts a great
deal of important church business. It
is probable that three new bishops
will be elected at the approaching ses-
sion.

The delegates from Florida are Rev.
L. W. Moore, Rev. J. P. Hilburn, Rev.
T. J. Nixon, J. W. Knight, Dr. G. B.
Glover and W. M. Boswell. This dele-
gation departed from Jacksonville last
night over the Atlantic Coast Line and
will reach Birmingham today at noon.

Corner in the Hop Crop.

Portland, Ore., May 1.—There is
says the Oregonian, to all intents and
purposes, a corner in the remainder of
the 1905 hop crop. Three firms tak-
ing advantage of the heavy destruction
of hops in the California disaster, se-
cretely ordered their buyers in Oregon
and Washington states to go into the
market, and so well have they done
their work, that between 3,000 and
5,000 in the growers' hands ten days
ago, there remains but 400.

Strike Situation Clearing.

DuBaise, Pa., May 1.—The strike
situation in the Clearfield region is
settling. Notices have been posted by
the Buffalo, Rochester and Pittsburg,
the Buffalo and Susquehanna and the
False Creek Coal companies giving the
scale of wages to be paid, and the
conditions of work, and the word has
gone forth that a resumption of work
will be made. The miners are hold-
ing out for their demands.

ton, Ia., nearly lost his life and was
robbed of all comfort, according to
his letter, which says: "For 20 years
I had chronic liver complaint which
led to such a severe case of jaundice
that even my finger nails turned yel-
low; when my doctor prescribed Elec-
tric Bitters, which cured me and have
kept me well for eleven years." Sure

"HOOKS" HIS PLUNDER.

The Way the Sneak Thief in Mexico
Plies His Trade.

In Mexico the sneak thief has his
business down to a science. The fa-
vored manner of stealing is from the
houses. Most of the buildings are but
one story high, and the doors are kept
closed and locked. The windows are
as large as the doors and extend to the
floor. To keep the thieves out of the
house they are protected with heavy
iron bars, but the Mexican sneak thief
has found a way to overcome this dif-
ficulty.

Because of the lowness of the win-
dow he can look into the room and
"spot" the articles he wishes. Then he
waits until the occupant of the room
is in some other part of the house. A
bamboo pole about as long as a fishing
rod is produced, to which is attached
a piece of string with a fish hook on
the end.

The thief, by practice, can cast the
hook so that it will catch on almost any
article in the room, no matter how far
it may be from the window. Slowly
it is drawn forward and pulled through
the bars.

In this manner articles are taken off
the bureau or tables, rugs snatched
from the floor and bedclothes from
the bed. Clothing left on chairs or
hanging on the wall is easily removed.
The thieves do not even wait until the
occupants are out of the room in all
cases. There have been cases where
men and women who were undressing
in their rooms have lost clothing while
their backs were turned to the window.

Intimations.

No member of the British parliament
is permitted to say bluntly and direct-
ly that another is drunk, but he may
hint at the fact in periphrase, as when
Mr. Gladstone, replying to an uncon-
ventional speech of Disraeli's, remark-
ed, "The right honorable gentleman
has evidently had access to sources of
inspiration that are not open to me." A
violent scene was caused in the par-
liament of Victoria, Australia, by a
labor member saying of a legal col-
league, "The honorable and learned
gentleman was once called to the bar,
and he has since gone frequently with-
out being called." The angry barrister
retorted, "You tea drinking skunk!"
Eventually both withdrew and apolo-
gized.

The Aurora Borealis.

The ancients viewed the aurora bore-
alis with superstitious awe, looking
upon it as an omen of direful disaster.
It is not unusual for descriptions of
old time battles to mention the fact
that the "curious red northern lights"
gave warning that something awful
was about to happen." In the annals
of Clan Mac-Nolse is to be found an
account of a purple aurora which
lighted up the northern skies in the
year 688 A. D. on the night preceding
the dreadful battle fought by the Irish
tribes of Leinster and Munster, and it
is not necessary to mention the fact
that the people took it as an omen of
the great slaughter which soon fol-
lowed.

Was Wasting Away.

"I had been troubled with kidney
disease for the last five years," writes
Robert R. Watts, of Salem, Mo. "I
lost flesh and never felt well and doc-
tored with leading physicians and
tried all remedies suggested without
relief. Finally, I tried Foley's Kidney
Cure and less than two bottles com-
pletely cured me, and I am now sound
and well." During the summer kidney
irregularities are often caused by
excessive drinking or being overheated.
Attend to the kidneys at once by
using Foley's Kidney Cure. J. W.
McCollum & Co.

Ropemaking 2,000 Years B. C.

The name of the first ropemaker and
that of the land in which he practiced
his art have both been lost to history.
Before the beginning of the historical
period considerable skill had been ac-
quired in that line. Egyptian sculp-
tures prove that the art was practiced
at least 2,000 years before the time of
Christ.

A Secret

It aids nature a little, that's the only
secret about it. We refer to Ayer's Hair
Vigor. It feeds the hair, makes the scalp
healthy. The hair stops falling out and
all dandruff disappears. The result could not be different, for it's the natural
way. And it is a splendid dressing, keeping the hair soft and smooth. Why
not save what hair you have and get more at the same time? J. C. Ayer & Co.,

THE ROCHELLE SCHOOL.

The school has been under the direction of Prof. J. H. Owens, one of the ablest teachers in the county, assisted by Miss Mary Berkstrasser, who also enjoys a fine reputation. The enrollment has been most encouraging, and as a rule the term has been one of the most successful in the history of the institution, which is one of the oldest established in the county.

Prof. Owens, who was in the city Saturday, stated that the exercises would be held in the school house Friday evening. The program will be of a literary and musical nature, and will be participated in by pupils of the school.

THE WALDO K. OF P.

Had a Big Meeting Friday Night, Ending With Banquet.

Waldo, April 30.—The local lodge, Waldo Lodge No. 88, Knights of Pythias, held a most interesting and instructive session on Friday evening last, which was well attended not only by the membership, but representatives from Gainesville and Starke were also present. Past Chance for Commander Geo. P. Morris, who is now residing in Gainesville, also favored the lodge with his presence.

Among the visitors were Knights L. J. Burkham, S. R. Rogers and R. E. Davis from Gainesville, Gordon Newman, C. L. Peek, A. M. Long and A. E. Wall of Starke, and T. C. Rambo of Capitol No. 10, Columbia, S. C.

There was plenty of work, which proved both enjoyable and impressive. One candidate was initiated in the first, while five were taken in in second degree, or Rank of E-quire.

At the conclusion of the meeting a sumptuous banquet was served in the lodge room, which was greatly enjoyed.

Those present will remember this meeting, and will feel under obligations to Waldo lodge for their hospitality.

A WORD FROM TRENTON.

Trenton Voter Has a Good Thing to Say for Senator McCreary.

Editor Sun: I feel as if I would like to say a word while politics are going so high. The time is short now and we people down here at Trenton want to send Hon. H. H. McCreary back to the Senate, where he belongs to be. If he gets the vote elsewhere that he will get at Trenton I know he will go back to his old field of duty where we need him.

Mr. McCreary has an excellent record of legislative service to his credit, and is in all respects a well equipped man for the position he seeks. Now, boys, let us give it to "Mc" who has served us so well in the past, and who has never betrayed his people. We know he will give us our rights as he has in days gone by.

Came out, boys, and roll him up a good vote the 15th of May.

Trenton, May 1

SEND BACK THE FAITHFUL.

That is the Sentiment of a Correspondent From the West End.

Boys, we all know H. H. McCreary, who has represented Alachua in the State Senate for the past four or five terms, is a candidate for re-nomination. While we believe in rotation in office, we also believe in the idea of "holding fast to that which is good," and as "Mc" has always "made good" in the position we can see no reason why we should leave him at home this time. We need him back in the Senate this time, and I think the good people who have always been his friends will return their long tried public servant to his old field of duty at Tallahassee. I am sure he will receive a large majority at Trenton and Bell.

Yours truly,

WEST END CRACKER

LET THE ISSUE COME.

In his defense of the report of Secretary Garfield on the meat packers of the country, Congressman Grosvenor, among other things, mentioned the Cotton Growers' Association to show that the farmers as well as the meat packers and other manufacturers were resorting to combinations in self-protection.

This point may have been well taken if Mr. Grosvenor intended a play to the galleries, but in the light of knowledge gained by a careful study of the situation from close range The Sun in all confidence expresses the positive opinion that the two cases are not of the parallel sort. In the first place the meat packers, through the money they have amassed and the pinch they have on the meat production of the country, have been naming the price which the consumers pay. On the other hand, the producers of cotton, who have gathered together as an association, have been endeavoring to regulate (not enforce) the prices on the product of their toil. In all of the deliberations of the Southern Cotton Growers' Association and the minor organizations there has not been any effort to dominate the market. All action has been based on the law of supply and demand, and that is the only fair means of arriving at a fair agreement.

So far as the Sea Island cotton growers are concerned, they have been struggling against organized wealth for the past several years, and it is to be hoped that a study of the situation this summer will prove that the action of this branch of the Southern Cotton Growers' Association has been justified and that the best efforts of every member and concerted action will be employed to secure for the farmers the price which their product justifies.

A PROSPEROUS STATE.

That Florida is prospering is evidenced by the report of the Southern Crate Manufacturing Association to the effect that the various firms doing business in this State and Georgia are not able to supply the demand for fruit and vegetable crates.

During the past winter and this spring there has been the greatest bulk of vegetables ever shipped from Florida for a like period, and when the pineapple season starts in earnest it is feared that the same old trouble of a lack of packages is to figure and that there will be some trouble in supplying the demand.

All this indicates a most prosperous condition. It tells of the productiveness of Florida and demonstrates that the demand for Florida produce is growing constantly. The indications are that this is to be the banner year of Florida in the production and successful marketing of fruits and vegetables.

Editor Jordan of The Punta Gorda Herald has been named to represent the proposed new county they intend making out of DeSoto. Jordan has two feet calculated to hold down anything.

Mud-slinging in any campaign is to be deplored. But how natural it is for a man, running for office, to employ this method, when he feels that the people will listen to what he has to say. Listen, they do, but in nine cases out of ten they always rise up about election day to smite the fellow who cannot win on his own merits and who tries to point out the demerits of the other fellow. It is a weak cause which depends upon the negative to win.

Wilkesbarre, Pa., May 1.—A great many of the miners' locals selected delegates to the Scranton convention Sunday. Returns received at the miners' headquarters Monday show that a majority of the delegates will go to the convention uninstructed and will be governed largely on the question of declaring a strike by the course President Mitchell pursues. The Black Diamond washer of this city, which employed 17 men last week, started work Monday with 23 men. The washery in operation at Duryea had nearly 35 men at work Monday morning. IRON WORKERS WALK OUT.

Building Operations at Standstill in the City of Chicago.

Chicago, May 1.—With a walkout of nearly 1,000 structural ironworkers building operations now in progress in Chicago and surrounding suburbs, will come practically to a standstill next Wednesday.

Besides marking the first important labor disturbance of the year, the ironworkers' strike may bring in its wake general upheavals in the building industry. There are no indications at present that sympathetic strikes will occur, but the ironworkers are affiliated with the Associated Building Trades association which has recently outlined a policy of supporting kindred unions in this way.

The ironworkers whose occupation is confined chiefly to the erection of structural frame work of skyscrapers and other large buildings, have been receiving 58½ cents an hour. A month ago they presented demands for an increase to 62½ cents an hour. The demands were refused by the contractors who compose the Iron League.

Bonaparte Is an Ill Man.

New York, May 1.—Alvices received here from Secretary Bonaparte, who is at his home in Baltimore, are to the effect that he is believed to be an ill man, and perhaps threatened with pneumonia. He is said to have suffered from a chill while at Atlantic City, Friday, and this was followed on his return to Baltimore by another and a more severe one.

SOFTNESS OF SEALSKIN.

Is Ruined by Human Hairs Where Dandruff is Eradicated.

Sealskin is admired the world over for its softness and glossiness. I get the fur on my hat is equally as soft and glossy when healthy, and the radiant cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Nephros Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a permanent growth of glossy, soft hair is certain. Smearing the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Nephros's Herpicide. Sold by leading druggists. Send 10c in stamp to The Herpicide Co., Detroit, Mich.

It is easy to charge. It is hard to sustain a condemnatory statement.

It has not yet been announced how Senator Burton will pair on the rate bill.

President Castro's retirement seems to be taking effect almost as speedily as the Russo-Jap evacuation to Manchuria.

John Beard has been given the field in Escambia county in his candidacy for the State Senate. Mr. Beard is one of the most pronounced friends of the people in the State and will be a power at the next session of the Legislature.

LET THE ISSUE COME.

In his defense of the report of Secretary Garfield on the meat packers of the country, Congressman Grosvenor, among other things, mentioned the Cotton Growers' Association to show that the farmers as well as the meat packers and other manufacturers were resorting to combinations in self-protection.

This point may have been well taken if Mr. Grosvenor intended a play to the galleries, but in the light of knowledge gained by a careful study of the situation from close range The Sun in all confidence expresses the positive opinion that the two cases are not of the parallel sort. In the first place the meat packers, through the money they have amassed and the clench they have on the meat production of the country, have been naming the price which the consumers pay. On the other hand, the producers of cotton, who have gathered together as an association, have been endeavoring to regulate (not enforce) the prices on the product of their toil. In all of the deliberations of the Southern Cotton Growers' Association and the minor organizations there has not been any effort to dominate the market. All action has been based on the law of supply and demand, and that is the only fair means of arriving at attempting to arrive at a fair agreement.

So far as the Sea Island cotton growers are concerned, they have been struggling against organized wealth for the past several years, and it is to be hoped that a study of the situation this summer will prove that the action of this branch of the Southern Cotton Growers' Association has been justified and that the best efforts of every member and concerted action will be employed to secure for the farmers the price which their product justifies.

A PROSPEROUS STATE.

That Florida is prospering is evidenced by the report of the Southern Crate Manufacturing Association to the effect that the various firms doing business in this State and Georgia are not able to supply the demand for fruit and vegetable crates.

During the past winter and this spring there has been the greatest bulk of vegetables ever shipped from Florida for a like period, and when the pineapple season starts in earnest it is feared that the same old trouble of a lack of packages is to figure and that there will be some trouble in supplying the demand.

All this indicates a most prosperous condition. It tells of the productiveness of Florida and demonstrates that the demand for Florida produce is growing constantly. The indications are that this is to be the banner year of Florida in the production and successful marketing of fruits and vegetables.

Editor Jordan of The Punta Gorda Herald has been named to represent the proposed new county they intend making out of DeSoto. There is a fight on this issue, but we venture the assertion that if Jordan ever gets his two feet planted on the proposition the opposition will never be able to resurrect itself. Jordan has two feet calculated to hold down anything.

By the way, what did Gorky do with his wife and children before he left Russia? Before the hysterical people of this country go crazy over him they had better find out whether the lady accompanying him is his wife, or only an "understudy."

Mud-slinging in any campaign is to be deplored. But how natural it is for a man, running for office, to employ this method, when he feels that the people will listen to what he has to say. Listen, they do, but in nine cases out of ten they always rise up about election day to smite the fellow who cannot win on his own merits and who tries to point out the demerits of the other fellow. It is a weak cause which depends upon the negative to win.

It looks like a sure victory over in Duval for "Uncle" Steve Melton. Melton is a good man. Conscientious, careful, diplomatic and energetic. "Uncle Steve" has demonstrated that it requires more tact and good judgment to do things in Tallahassee than oratory.

With a great deal of spice and with an expressed idea that they have learned something, they are telling in Jacksonville of a plan to amend the Buckman bill. Well, Gainesville was not asleep when the issue for a location was sprung, and we are not asleep now.

The report comes from Volusia that Senator Sams has a walk-over in his effort to return to Tallahassee next year. Volusia county could not select a more faithful nor more conscientious public servant than Senator Frank Sams.

Miners Elect Delegates.

Wilkesbarre, Pa., May 1.—A great many of the miners' locals selected delegates to the Scranton convention Sunday. Returns received at the miners' headquarters Monday show that a majority of the delegates will go to the convention uninstructed and will be governed largely on the question of declaring a strike by the course President Mitchell pursues. The Black Diamond washer of this city, which employed 17 men last week, started work Monday with 23 men. The washery in operation at Duryea had nearly 25 men at work Monday morning. This is an increase of eight over last week. It is believed the coal companies will not make any attempt to resume work until after the miners' convention at Scranton.

IRON WORKERS WALK OUT.

Building Operations at Standstill in the City of Chicago.

Chicago, May 1.—With a walkout of nearly 1,000 structural ironworkers building operations now in progress in Chicago and surrounding suburbs, will come practically to a standstill next Wednesday.

Besides marking the first important labor disturbance of the year, the ironworkers' strike may bring in its wake general upheavals in the building industry. There are no indications at present that sympathetic strikes will occur, but the ironworkers are affiliated with the Associated Building Trades association which has recently outlined a policy of supporting kindred unions in this way.

The ironworkers whose occupation is confined chiefly to the erection of structural frame work of skyscrapers and other large buildings, have been receiving 58½ cents an hour. A month ago they presented demands for an increase to 62½ cents an hour. The demands were refused by the contractors who compose the Iron League.

POLITICAL ANNOUNCEMENTS

For State's Attorney.

To the Democratic Voters of the Eighth Judicial Circuit of Florida:

Believing that my thirteen years' practice of law, together with my experience as a prosecuting attorney, fully fit me to discharge the duties of State Attorney, I, therefore, at the request of many friends, announce myself a candidate for nomination in the Democratic primary for State Attorney for the Eighth Judicial Circuit of Florida. If nominated, I pledge myself to courteously, economically and faithfully discharge the duties of the office and to help maintain the dignity and honor of the court.

Respectfully,
JOS. M. RIVERS.

To the Democratic Voters of the Eighth Judicial Circuit of the State of Florida:

Having served you in the capacity of State Attorney since July, A. D. 1903, and trusting that you have approved of the manner in which I have represented the State and discharged my duties, I solicit your votes at the coming primary for the position of State Attorney for the Eighth Judicial Circuit.

Very respectfully,
BENJ. P. CALHOUN.

I respectfully announce that I am a candidate for the office of State's Attorney for the Eighth Judicial Circuit of Florida, composed of the counties of Alachua, Baker, Bradford, Levy and Putnam. I conceive the faithful and energetic discharge of the duties of the office to be a sacred obligation to the State, and, if the voters of the circuit favor me with the nomination, I pledge them that the interests of the State and of society shall not suffer through favor or prejudice of mine.

THOS. W. FIELDING.

Starke, Florida.

For State Senator.

To the Democratic Voters of Alachua County: I have, on various occasions, been earnestly requested to enter the race for State Senator from this county, and, until now, have declined to do so, because I had no desire to oppose the Honorable H. H. McCreary, who has rendered such valuable service to our county in the State Senate. But since he has withdrawn from the race I will be a candidate, subject to the Democratic primary.

Having served in both branches of the Legislature in the past, I feel that I am the better qualified to serve the best interests of our county at this important time.

Earnestly soliciting your support at the coming primary, I am your humble servant.

JOHN B. DELL.

In reference to my declination, which appeared in The Daily Sun of Feb. 20th, the same was made in what I conceived the interest of harmony. However, I have reconsidered same and am a candidate for the State Senate.

H. H. McCREARY.

I respectfully announce my candidacy for the Democratic nomination as Senator for Alachua county (33d district), pledging my support of all measures in the interest of the masses against the classes, and especially do I pledge my support and influence in aid of the common schools and maintenance of the State University upon a liberal basis, such as will enable parents to obtain for their children a thorough education in their own State, as well as all measures tending to promote the religious and moral welfare of the entire people. Thanking my friends for their support in the past and soliciting the vote of all Democrats at the coming primary, I am very respectfully,

H. H. McCREARY.

For the Legislature.

At the solicitation of many friends I have consented to make the race for the Legislature and hereby announce myself as a candidate, subject to the Democratic primary.

WM. N. SHEATS.

In response to the solicitations of many friends I respectfully announce that I will be a candidate for the Lower House of the Legislature, subject to the Democratic primary. If elected I promise to do all in my power to protect the best interests of our beloved county. Respectfully,

THOMAS A. DOKE.

I announce myself a candidate for the Legislature at the coming primary, subject to the action of the Democratic voters of the county. If elected I will endeavor to make some very radical changes in the present divorce law. I am in favor of keeping the State University at Gainesville forever.

CHAS. HODGE.

At the solicitation of friends I announce myself a candidate for Member of the House of Representatives, subject to the will of the people, as expressed at the Democratic primary election.

I shall favor the maintenance of the State University, now established in this county, with liberal appropriations for its development and the advancement of public education throughout the State.

I believe in a Railroad Commission and shall support any legislation enlarging its powers and increasing its usefulness.

All measures tending toward the moral development and growth of our State will receive my hearty support.

ROBT. E. DAVIS.

S. L. Carter will be a candidate at the primary election for Member of the Lower House of the Florida Legislature.

For County Treasurer.

To the Democratic Voters of Alachua County: I hereby announce myself as a candidate for County Treasurer, subject to your action at the primary of May. If elected, being familiar with the duties of the office which I had through your suffrage for three terms, I promise you a faithful and efficient service. I will make monthly accountings to you by statement at my own expense. Respectfully,

R. B. PEELER.

To the Voters of Alachua County: I want to be County Treasurer, and hereby announce myself as a candidate. I will appreciate the support of the Democrats in the county at the primary on May 15, and promise obedience to the duties of this office, one of the most important in the gift of the people.

Respectfully,
T. J. LOVE.

For Tax Assessor.

I desire to announce my candidacy for re-election to the office of Tax Assessor of Alachua county. With the experience I have in this position I can consistently promise to render satisfactory service. Earnestly soliciting the votes of all Democrats at the coming primary, I am yours to serve faithfully.

WILLIS W. COLSON.

To the Democratic Voters of Alachua County: I hereby announce myself as a candidate for County Tax Assessor, subject to your action in the coming primary on May 15. If elected I promise to exercise my best effort to fulfill the duties of the office faithfully and efficiently.

Respectfully,
L. T. ROUN.

Gainesville, April 7.

For Tax Collector.

To the Voters and Tax-Payers of Alachua County:

I take this method to publicly thank you for the very liberal support you have given me in the past, and to announce my candidacy for re-election for ensuing term to the office of Tax Collector of Alachua county. The arduous duties of the office, at this, the closing period of 1905 collection, will entirely prevent my making a canvass of the county and seeing you in person, so I trust my friends throughout the county will remember me on the 15th of May at the various precincts, when casting ballots for the men of their choice to fill the respective offices now elective. Assuring one and all that I shall be my constant effort to discharge the duties incumbent on the office with faithful patience and honest fidelity.

Yours very truly,
W. D. DICKINSON.

For Supervisor Registration.

I hereby announce myself a candidate for Supervisor of Registration for Alachua county, subject to the Democratic primaries, and solicit the votes of the Democratic voters of the county.

CASHIER TO WEAR STRIPES.

Henry G. Goll is Found Guilty At Milwaukee.

Milwaukee, Wis., May 1.—Henry G. Goll, former assistant cashier of the First National bank of this city was found guilty by a jury in the United States district court on nineteen counts out of thirty-four. The counts in the indictments against the defendant on which he was found guilty relate to false entries and the misapplication of the funds in the bank, those relating to embezzlement being thrown out.

The verdict was reached by the jury after a session lasting eight hours, and was arrived at about 2 o'clock Sunday morning and presented to the court at 11 a. m. The amount of money which Goll was alleged to have misapplied was about \$250,000. Mr. Goll was unmoved by the verdict and referred all interviewers to his attorneys. He was handed to the custody of the United States marshal.

Attorneys for the defendant at once made a motion for a new trial. Judge Quarles announced that he would hear the argument on the motion Monday forenoon at 11 o'clock. The trial of Henry G. Goll lasted exactly three weeks. The most interesting part of the testimony was that offered by the former president of the bank, Frank G. Bigelow, who is now serving a ten years' sentence at the Fort Leavenworth prison, he having pleaded guilty to looting the bank without undergoing a trial. Bigelow testified that many acts with which Goll was charged were committed under his direction, but stated that he had no knowledge of some of them.

A Whistle Language.

They have a whistle language on Gomera Island, in the Canary archipelago. They can whistle there as articulately as a Bostonian speaks. And, since they can whistle very loud and shrill, the Gomerans can converse a long way off. A Gomeran hunting a mile from home can ask his wife what there is for lunch, and, if the menu does not please him, he can scold her and order a change quite as well as though he stood beside her.

The Gomerans talk in a singsong, and their whistle language reproduces the spoken one's intonations. For instance, children all over America have a taunting cry:

"Hiss for shame,
Hiss for shame,
Everybody knows your name!"

This cry is not sung. It is intoned. And so the Gomerans intone their guttural language. It would be quite easy to whistle the "Hiss for shame" cry. So it is quite easy to whistle the Gomeran singsong language. Cincinnati Enquirer.

Beyond the Limit.

"I don't mind folks borrowing," said Miss Hodges plaintively to an old friend who was paying her a visit, "but I've got an awful trying woman for a neighbor just now. She borrows such queer things I'm most out of patience with her."

"Shears and brooms and the flour sifter and ironing board, I s'pose," said the guest, who had known life in a country town.

"Mercy me, I don't count such things!" said Miss Hodges. "Nor my best umbrella nor my carving knife. I can make shift to get on without them for awhile any time. But when she come over to borrow my diary the other day so's she could keep account of the weather and her hens' eggs and so on till her husband come back from California, she having given him hers to put down his expenses and sights in, so's she could copy her record in from my book in the right place. I declare, I called it the cap sheaf!"—Youth's Companion.

Trinidad's Asphalt Lake.

The famous asphalt lake of Trinidad looks like a great black swamp surrounded with a fringe of coconut palms. A little railway runs across it, and men stand in it working some on asphalt firm enough to support them, some on asphalt in which they keep sinking down an inch or two a minute, some on asphalt so soft it is like quick sand. The stuff looks like a cross between black mud and pitch. The lake is 110 acres in size, and its depth is tremendous. The thick asphalt, mixed with water, moves a little, and now and then an old tree comes slowly up from the depths. The men work with pickaxes, digging out the asphalt in jumps the size of pumpkins.

Needless Wear.

Many people wear themselves out needlessly. Their conscience is a tyrant. An exaggerated sense of duty leads a person to anxious, ceaseless activity, to be constantly doing something, overpunctual, never idle a second of time, to scorn rest. Such are in unconscious nerve tension. They say they have no time to rest, they have so much to do, not thinking they are rapidly untying themselves for probable what would have been their best and greatest work in after years.

Municipal Thrift.

On the way from one town on Cape Cod to another a contributor to the Boston Transcript came upon a charming house by the roadside, which immediately claimed his attention. It bore a fresh coat of white paint, which was well set off by green blinds. There was a smooth piece of lawn in front, a group of fine shade trees and hammocks, piazza chairs, brilliant sofa pillows and all the adjuncts of summer comfort in luxurious profusion.

"Whose place is this?" he demanded of the boy of twelve who accompanied him as guide and adviser in general.

"That there?" said the boy. "Oh, that there's the poorhouse."

"The poorhouse?" the man exclaimed. "You seem to have luxurious paupers in this town."

"Well, you see," was the explanation, "we hain't got but one, 'n' she's an old woman, 'n' the overseers they board her out with one o' the neighbors 'n' let the poorhouse to some o' them Boston folks for the summer, 'n' that pays her keep."

How to Boil Water.

To boil water would seem to be a very simple thing, and yet the late Charles Delmonico used to say that very few people knew how to do it. "The secret is," he said, "in putting good fresh water into a clean kettle already quite warm and setting the water to boiling quickly and then taking it right off for use in tea, coffee or other drinks before it is spoiled. To let it steam and simmer and evaporate until the good water is in the atmosphere and the lime and iron and dregs only left in the kettle is what makes a great many people sick, and it is worse than no water at all." For water boiled like this and flavored with a few drops of lemon juice Mr. Delmonico used to charge as much as for his best liquors, and he often recommended it to his customers and friends who complained of loss of appetite. It is worth trying. —Good Living.

The Alternative.

The doctor had been called to see a pitman's wife. On coming down from her room the doctor said to the husband: "Well, Geordy, I'm glad to say there isn't very much wrong with your wife. It's a case of too much blood, and we'll try an old-fashioned remedy. Just get a leech at the chemist's and put it on her, and I believe you'll find her better when I call in the morning." Next day the doctor called again and, meeting the husband, who was a bit of a sportsman, like many of his kind, said: "And how's your wife this morning, Geordy? Better, I expect." "Nai, man, but she's worse," replied Geordy. "Worse?" exclaimed the doctor. "But did you do as I told you last night?" "Well, not exactly, for I couldn't get a leech, so I put the ferret I bed w' her." —London Tatler.

Valuable Desolate Islands.

The most valuable desolate islands in the world are the Llakovs, in the Arctic ocean, off the mouth of the Lena, in Siberia. They are frost bound and utterly barren save for arctic moss, but they contain such enormous quantities of fossil ivory that they are exceedingly valuable. In fact, although uninhabited save for the ivory diggers and of themselves incapable of supporting life, they produce a revenue of \$1,000,000 a year. —London Queen.

A Bengalese Peculiarity.

A doctor remarks: "What strikes one most at a Bengali hospital is the lack of sense of proportion in the estimation of diseases. A man is gravely perturbed because he has not sneezed for three months, but he is comparatively indifferent to the fact that he exhibits the early signs of leprosy."

Rustle Folly.

"You'd never think Jones was from the country, would you? His manner is perfect and his dress fashionable."

"Yes, but he gave himself dead away on the street car today."

"How?"

"Got up and gave his seat to a woman." —Cleveland Leader.

Franklin the Citizen.

Franklin was particular about the way of doing business. He was particular about the way in which he made his money. When he first started his newspaper in Philadelphia his rival was Bradford, who in addition to publishing a paper was postmaster general of the colonies. Bradford used his authority as postmaster general to practically exclude Franklin's papers from the mail by forbidding the post riders to carry them. Franklin shortly after succeeded Bradford as postmaster general. Here was the opportunity to build a monopoly and crush his old rival, but the thought never seems to have entered his head that the newspaper business of the colonies belonged to him. He says of Bradford in his attempt to crush Franklin's newspaper, "I thought so meanly of him for it that when I afterward came into his situation I took care never to imitate him."—American Illustrated Magazine.

POLITICAL ANNOUNCEMENTS

For State's Attorney.

To the Democratic Voters of the Eighth Judicial Circuit of Florida:

Believing that my thirteen years' practice of law, together with my experience as a prosecuting attorney, fully fit me to discharge the duties of State Attorney, I, therefore, at the request of many friends, announce myself a candidate for nomination in the Democratic primary for State Attorney for the Eighth Judicial Circuit of Florida. If nominated, I pledge myself to courteously, economically and faithfully discharge the duties of the office and to help maintain the dignity and honor of the court.

Respectfully,
JOS. M. RIVERS.

To the Democratic Voters of the Eighth Judicial Circuit of the State of Florida:

Having served you in the capacity of State Attorney since July, A. D. 1903, and trusting that you have approved of the manner in which I have represented the State and discharged my duties, I solicit your votes at the coming primary for the position of State Attorney for the Eighth Judicial Circuit.

Very respectfully,
BENJ. P. CALHOUN.

I respectfully announce that I am a candidate for the office of State's Attorney for the Eighth Judicial Circuit of Florida, composed of the counties of Alachua, Baker, Bradford, Levy and Putnam. I conceive the faithful and energetic discharge of the duties of the office to be a sacred obligation to the State, and, if the voters of the circuit favor me with the nomination, I pledge them that the interests of the State and of society shall not suffer through favor or negligence of mine.

THOS. W. FIELDING.

Palatka, Fla.

For State Senator.

To the Democratic Voters of Alachua County: I have, on various occasions, been earnestly requested to enter the race for State Senator from this county, and, until now, have declined to do so, because I had no desire to oppose the Honorable H. H. McCreary, who has rendered such valuable service to our county in the State Senate. But since he has withdrawn from the race I will be a candidate, subject to the Democratic primary.

Having served in both branches of the Legislature in the past, I feel that I am the better qualified to serve the best interests of our county at this important time.

Earnestly soliciting your support at the coming primary, I am your humble servant.

JOHN B. DELL.

In reference to my declination, which appeared in The Daily Sun of Feb. 20th, the same was made in what I conceived of the interest of harmony. However, I have reconsidered some and am a candidate for the State Senate.

H. H. McCREARY.

I respectfully announce my candidacy for the Democratic nomination as Senator for Alachua county (33d district), pledging my support of all measures in the interest of the masses as against the classes; and, especially do I pledge my support and influence in aid of the common schools and maintenance of the State University upon a liberal basis, such as will enable parents to obtain for their children a thorough education in their own State, as well as all measures tending to promote the religious and moral welfare of the entire people. Thanking my friends for their support in the past, and soliciting the vote of all Democrats at the coming primary, I am, very respectfully,

H. H. McCREARY.

For the Legislature.

At the solicitation of many friends I have consented to make the race for the Legislature and hereby announce myself as a candidate, subject to the Democratic primary.

WM. N. SHEATS.

In response to the solicitations of many friends I respectfully announce that I will be a candidate for the Lower House of the Legislature, subject to the Democratic primary. If elected I promise to do all in my power to protect the best interests of our beloved county.

THOMAS A. DOKE.

I announce myself a candidate for the Legislature at the coming primary, subject to the action of the Democratic voters of the county. If elected I will endeavor to make some very radical changes in the present divorce law. I am in favor of keeping the State University at Gainesville forever.

CHAS. HODGE.

At the solicitation of friends I announce myself a candidate for Member of the House of Representatives, subject to the will of the people as expressed at the Democratic primary election.

I shall favor the maintenance of the State University, now established in this county, with liberal appropriations for its development and the advancement of public education throughout the State.

I believe in a Railroad Commission and shall support any legislation enlarging its powers and increasing its usefulness.

All measures tending toward the moral development and growth of our State will receive my hearty support.

ROBT. E. DAVIS.

S. L. Carter will be a candidate at the primary election for Member of the Lower House of the Florida Legislature.

For County Treasurer.

To the Democratic Voters of Alachua County: I hereby announce myself as a candidate for County Treasurer, subject to your action at the primary of May 15. If elected, being familiar with the duties of the office which I held through your suffrage for three terms, I promise you a faithful and efficient service, and will make monthly accounting to you by statement at my own expense.

R. B. PEELER.

To the Voters of Alachua County:

I want to be County Treasurer, and hereby announce myself as a candidate. I will appreciate the support of the Democrats in the county at the primary on May 15, and promise the attendance to the duties of this office, one of the most important in the gift of the people.

Palatka, Fla. March 13, '06. T. J. LOVE.

For Tax Assessor.

Consent to announce my candidacy for re-election to the office of Tax Assessor of Alachua county. With the experience I have gained in the position I can consistently promise you a most satisfactory service. Earnestly soliciting the votes of all Democrats at the coming primary, I am yours to serve loyally.

WILLIS W. COLSON.

To the Democratic Voters of Alachua County: I hereby announce myself as a candidate

for County Tax Assessor, subject to your action in the coming primary on May 15. If elected I promise to exercise my best effort to fulfill the duties of the office faithfully and efficiently.

Respectfully,
Gainesville, April 7.

L. T. ROUX.

For Tax Collector.

To the Voters and Tax-Payers of Alachua County:

I take this method to publicly thank you for the very liberal support you have given me in the past, and to announce my candidacy for re-election for ensuing term to the office of Tax Collector of Alachua county. The arduous duties of the office, at this, the closing period of 1905 collection, will entirely prevent my making a canvass of the county and seeing you in person, so I trust my friends throughout the county will remember me on the 15th of May at the various precincts, when casting ballots for the men of their choice to fill the respective offices now elective. Assuring you that it will be my constant effort to discharge the duties incumbent on the office with faithful patience and honest fidelity.

Yours very truly,
W. D. DICKINSON.

For Supervisor Registration.

I hereby announce myself a candidate for Supervisor of Registration for Alachua county, subject to the Democratic primaries, and solicit the votes of the Democratic voters of the county.

Dangler in financing the funds of this county during his administration as County Commissioner, his many friends hereby announce his candidacy for re-election to this important office from District No. 1. If elected I promise a faithful and efficient service in the future as I have endeavored to render my constituents in the past.

Donna, April 7. J. G. OSTEN.

To the Voters of Alachua County:

My own inclinations, coupled with the wishes of my friends, induce me to become a candidate for County Commissioner. I am perfectly willing to be dealt with by the voters of this county in a way that my actions as once your commissioner I would merit. I ask the support of the voters in the coming primary, pledging an improvement in office as your commissioner, because of my past experience, should I be elected. Very respectfully,

Mr. and Mrs. Wrightmyer of Terra Alta, W. Va., who have been here for some time as guests of Mr. and Mrs. W. S. Nine, have returned from a visit to Worthington Springs.
